### Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

### **DETAILED ACTION**

The Examiner acknowledges the applicant's remarks and arguments of April 23, 2008 made to the office action filed April 16, 2008. Claims 27, 29, 32 and 33 are pending. Claims 27, 29, 32 and 33 are amended.

In light of the amendments, the claim objection of claim 29 and the specification objection is withdrawn.

The Applicant's amendments have not overcome the 35 USC 112, first paragraph and thus is upheld.

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 27, 29, 32 and 33 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably

convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. Particularly, there is no written description of taking the culture of treated *in vitro* brain cells and implanting or administering them *in vivo* to any area of the body. Further, there is no written description of applying a culture of treated brain cells to a stent to treat vascular damage associated with vascular disease and inflammatory response. Claim 27 reads on adding an application of the cerium oxide nanoparticles to an *in vitro* culture of brain cells, then enhancing the lifespan of the brain cells in the body. Claims 32 and 33 further limit the mode of delivery by either stent, oral, intravenous, or intrathecal *in vivo*.

The Examiner suggests that the claim language "in the body" in claim 27 (line 2) be removed in order to keep the claim consistent with *in vitro* methods. Therefore, claim 32 can be written in independent form for the *in vivo* method, wherein claim 33 would be dependent on claim 32.

### ***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not

Art Unit: 1617

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

No claims allowed.
